As a business owner, my grandfather, John V. McMillan, was among the original founders and trustees of the Foundation, and I'm very proud to be serving as a trustee today. I believe just as he did—that our police officers should be recognized for their excellent job performance, no matter how mundane or “exciting” the tasks. This excellence is promoted through our annual awards dinner, special gifts for officers being promoted, recognition of the top graduates in each recruit class, and funding for specialized training.

Please join us in supporting the officers who protect us each and every day. Learn more about the Foundation and make a contribution online by going to www.fwpolicefoundation.org.

We welcome you.

Sincerely,

LarryAnfin
